SPOTLIGHT ON PORTUGAL

Spotlight on Portugal will be a regular feature focusing on places of interest from around Portugal. In this edition we will be focusing on the city of Figueira da Foz. 'Figueira' (as it is known locally) is situated on the Atlantic west coast, also known as the Silver Coast and has a population of about 60,000.

Alongside the stylish trappings you would expect from a seaside location it has many quality beaches and a small mountain to explore. It is also home to one of the largest casinos on the Iberian Peninsular.

Property prices are still rising along the Silver Coast and many industry experts predict they will continue to so over the next 3 years. [Read more.](#)
